Shaik Mahammad Shariff

Guntur, Andhra Pradesh, India
Portfolio | LinkedIn | GitHub

SUMMARY

Final-year ECE undergraduate and AWS Certified Cloud Practitioner who builds, tests and deploys full-stack and AI-assisted applications with automated CI, alongside MATLAB and Python signal-processing work. Seeking AI product and software engineering roles.

EDUCATION

Vasireddy Venkatadri Institute of Technology (VVIT), Guntur | B.Tech, Electronics and Communication Engineering | 2023 - May 2027 (expected) | CGPA 8.21/10
Relevant coursework: Digital Electronics, Signal Processing, Communication Systems.

SELECTED PROJECTS

RecoverFlow AI (Payment Recovery Platform) | Next.js, TypeScript, Razorpay, Vercel | Code | Demo
- Built a risk-scoring engine that ranks failed payments by recovery probability and expected value, with budget-constrained interventions and a calibration layer (Brier score).
- Integrated Razorpay webhooks with HMAC-SHA256 verification and a SHA-256 tamper-evident audit ledger; delivered 465 unit and application tests, 73 Playwright browser tests, GitHub Actions CI and Vercel deployment.

ShaRecon AI (Payment Reconciliation Dashboard) | Web Development, Financial Controls | Code | Demo
- Created a three-way reconciliation application for matching payment records, settlement batches and merchant bank credits, with traceable review workflows.

ResumeScore (Resume and Job-Matching Tool) | Next.js, TypeScript | Code | Demo
- Developed an open-source (MIT) resume analysis tool with multi-factor CV scoring, job-description skill matching and ATS checks, live on Vercel.

LFMT Subsurface Slag Detection | MATLAB, Python, Signal Processing | Code | Demo
- Worked on a thermal-imaging-based analysis system for subsurface welding defect identification, combining simulation results and signal interpretation.

INTERNSHIP EXPERIENCE

AI/ML Domain Intern, SkillWallet / SmartBridge | June 2026 - 31 July 2026
- Built Python-based ML workflows covering data preparation, evaluation and troubleshooting.

Other Internships | 2025 - 2026
- Prompt Engineering, SkillCraft; AI/ML, CodTech IT Solutions; AWS Data Engineering, EduSkills / AWS Academy.

TECHNICAL SKILLS

Programming: Python (intermediate), Java (intermediate), C, JavaScript (working familiarity)
Cloud and DevOps: AWS (Cloud Practitioner certified), Git, GitHub Actions CI/CD, Vercel deployment
AI and Development: Prompt engineering, generative AI integration, Next.js/React, automated testing
Engineering and Analytics: MATLAB, signal processing (intermediate), data analysis, sensor-based projects

CERTIFICATIONS

AWS Certified Cloud Practitioner (2026-2029); NPTEL, The Joy of Computing using Python; PCB Design Workshop.

LEADERSHIP

- NSS Student Coordinator, VVIT (20+ events, 100+ volunteers).
- Represented Andhra Pradesh at the National Integration Camp, Bihar.
